

# Pilot consent form

Pilot name: \_\_\_\_\_

Preferred phone: \_\_\_\_\_

Email: \_\_\_\_\_

This consent agrees to Dr Jack Hickey or his deputies to contacting you about your medical fitness and making approaches when necessary to give reminders such as when your medical is due to expire.

## **Personal data security:**

By registering with Dr Jack Hickey AME 10435 your personal information will be handled by him and his deputies who will have signed confidentiality documents compliant with Data Protection Act 1998. All staff at Woodchurch Surgery or H&B Medical undertake Clinical Governance updates annually. Your information may be stored securely on EMIS which is a standard General Practice computer system so that it can be electronically scanned securely. ECGs may need to be over-read by Dr J Timperley using encryption software called Egress Switch. Where possible healthcare professionals will use the N3 secure width of broadband but any communication to addresses outside the N3 connection cannot be guaranteed to be secure. Medical information (and ECGs for all Class 1 pilots) need to be sent via email to the AME on line team although this connection is not encrypted and cannot be guaranteed to be totally secure. Access to AME on line will only be done by people authorised by the Civil Aviation Authority.
